## Families of Fairfax R-III Car Riders

Thank you all for adjusting to the inevitable schedule change that happens at the beginning of school and making sure your students are at school on time. For your convenience, we want the car drop-off line to move as smoothly as possible. Here are some pointers that will help everyone who transports their own students to school:

1. Always stop for the bus and wait until the bus is unloaded and out of the way before allowing your vehicle to move.
2. Always pull into the gravel lane in front of the school before stopping to let your student(s) out of your vehicle. Letting students out in the street is not as safe.
3. Always pull as far forward in the lane as possible when dropping off.
4. If you need to enter the school for any reason or stop for longer than just dropping off your student, please pull out of the drop-off lane and park your car where it will not disrupt the flow of traffic. This also applies to those parents waiting for Junior High or High School students.
5. If you have a student in a car seat, please wait to unload your student until you are at the front of the drop-off lane. This allows other vehicles to enter and exit the drop off lane.
6. Please do not get in a hurry. It is important to be aware of what is going on around you when small people and large vehicles are sharing the same space. An accident in our drop-off lane would be life changing for everyone involved.
7. Except for preschool, after the first couple of days, students should not need help walking to class. We will always have a teacher help with getting our preschool students to Ms. Lauren's classroom.

We are enjoying getting to know your students again this year and seeing how much they have changed over the summer. We are looking forward to an amazing year with your family and hope that you will contact us with any concerns and any good things that you see happening in our school.

Thank you!

Jeremy Burrigh Ed.D.
